

# Standard Vision Program

## Making it easy for you.

More choices means it's easier for you to find the eye care provider who's best for you.

UnitedHealthcare's Standard Vision Plan offers you one of the broadest eyewear and eye care programs available, with a large network of qualified eye doctors and optical retailers. Even better, this program is part of your medical benefit and includes a routine vision exam.

## Value you can see.

Purchase your eyewear from our Routine Vision Network providers and take advantage of preferred pricing on frames, lenses and lens options.

## Care you can count on.

We require the providers in our Routine Vision Network to complete a thorough qualifying process and stick to high quality standards to better serve you.

## World class products and services.

### Frames

Top manufacturers and importers provide all the frames you purchase from our network providers. And all of our frames come with warranties against defects. You can choose from the most popular styles, available for all ages and tastes.

### Lenses

Get any lens power and size within the network from top national labs that we hold to high standards. You also can get great prices on materials, styles and options, such as progressives, antireflective, UV coatings and tints.

### Laser vision correction

You can get a 15 percent discount or five percent off any promotional price for laser vision correction surgery through the Laser Vision Network of America, with more than 300 laser vision correction specialists. To find a participating laser vision provider, call **1-888-563-4497** (toll-free). Or, visit us online at **myuhc.com**<sup>®</sup>.
